

Teen Advisory Group

Mission Statement

The Mission of the Crown Point Community Library Teen Advisory Group (TAG) is to encourage middle and high school students to become life-long library users through the promotion of reading, volunteerism, and participation in library activities, as well as to assist the library in the development and implementation of programs to serve teen patrons. We believe that promoting a teen-friendly environment is crucial to fostering literacy and citizenship in our community. The Teen Advisory Group seeks to give the library a new perspective on youth and young adult programming.

Who Are We?

The Crown Point Community Library Teen Advisory Group is a group of students in grades 7-12 who are interested in making a difference in their library. TAG members will play an integral role in developing the YA collection, YA programs (planning and implementation), and making the library a friendly space for teens.

TAG is a commitment of time. TAG meetings will be held quarterly for 2 hours. The meetings are not eligible for community service hours, however, events that the members assist in implementing do count.
