

## Our Mission

Our purpose is to provide a safe, sensitive and supportive environment for children to grow and learn to the best of their abilities. Our classes enhance success and growth, which comes from encouragement and praise.

## Philosophy

Here at the Gingerbread Family Preschool we believe that our program offers an age-appropriate curriculum with our goal of enhancing social, emotional, physical and intellectual growth in young children. We believe that children learn through hands-on experiences and active play that is child initiated and teacher supported. Our program fosters creativity, positive self-image and curiosity among the various abilities and diverse interests of the children.

AM: (M-Thurs 9:15-11:45)

PM: (M-Thurs 12:30-3:00)

Gingerbread Family Preschool offers high quality programs by experienced and dedicated staff. Teachers and aides are CPR certified.

These programs offer children an opportunity to explore and create through hands-on activities, which foster learning. Our program supports families' value of education by encouraging family involvement in a variety of ways.

## Beginner Class

Our Beginner class participates in hands-on activities that develop fine motor skills that are no-fail which builds self-esteem. Our program also includes group activities that include large motor skills and following directions.

## Pre-K Class

Our Pre-K classes prepare students for kindergarten through crafts, music, and language/writing development. Students also practice cooperation, following directions, and sharing through play and hands on experiences. \*Our 3 and 4 day Pre-K classes both prepare your child for kindergarten. The four day just has the extra day to do more activities.
