## National Library Week 2025: Drawn to the Library!

Millions of people across the country visit their libraries every week. What's the draw? Everything. From young families stopping in for play and storytime, to students sketching out their next creative project in a makerspace, to seniors seeking tech help and everyone in between, libraries of all kinds help us connect the dots from one part of our journey to the next.

Chart your next literary adventure by browsing the stacks or joining a book club. Let an author color your imagination at an author talk, outline your big business idea at an entrepreneur workshop, or trace your history with your library's genealogy resources. Make your mark and get involved with your library by volunteering or spreading the word.

Whatever draws you in, the library has something for everyone. Celebrate National Library Week, April 6 - 12, 2025.

## Supporting local student artists with Student Art Exhibit

In March each year, Youth Art Month celebrates the visual arts! The national program encourages support for art programming. The Elementary Art Show was a collaboration between the Crown Point Community School Corporation's Elementary School art teachers and the Crown Point Library. The exhibit offered a positive experience for the student artists and the public. On March 6, over 400 people attended the art reception to view over 250 works of art in the library's display cases and art gallery, all created by students in grades K-5.

Special thanks to the Friends of the Library for sponsoring refreshments at the reception.
